

Transport from Cimolai Quayside to Port of Coeymans

Transport from Port of Coeymans to Buffalo quay (by Barge)

Mooring Port: Port of Coeymans

Transfer by Barge: from Port of Coeymans to Buffalo Quayside through Erie Canal.

The off-loading at Port of Coeymans from the vessel of four bridge segments will be carried out using the vessels two cranes, which will be also subsequent used for barge loading.

The barges will be moored alongside the ARALIA in the Port of Coeymans and each barge will receive two bridge segments each.

At quayside in Buffalo, the two barges will be offloaded and start to be assembled.
